June 3, 2007

Heather McMillan and
The Berkeley Acquatic Park Subcommittee

Dear Subcommittee Members:

The Sierra Club is in receipt of a letter dated May 23, 2007 from the Golden Gate Audubon Society regarding proposed improvements to Berkeley's Acquatic Park. The Sierra Club wishes the committee to know that it joins in those comments and has the same concerns as Golden Gate Audubon Society.

In addition, while the Sierra Club supports hydraulic improvements to the park to improve the hydrology of the park, it is concerned that the improvements that are proposed will be properly maintained and operated because if they are not properly maintained and operated, then there could be major environmental impacts.

Sincerely yours,

Norman La Force, Chair
East Bay Public Lands Committee
